

CV (Eduard Güroff) for IAP Conference in Zurich 2015

Having passed the two state's exam necessary to work as fully qualified lawyer and after one year work experience as advocate I worked as Public Prosecutor in a specialized unit to combat serious cases of "White-collar-crime" (meaning esp. high-profile corruption, fraud, money laundering, tax evasion, cybercrime and related issues like skimming of excess profits and asset recovery etc.) and headed that department as Senior Public Prosecutor since 1985 until 2009.

Besides the daily work as prosecutor I was trainer/ lecturer for the Judiciary, Police and other LEA as to those crime issues and gave lessons to prevent such crime and criminal activities in more than 40 institutions including banks, chambers of commerce, administration, political parties and for students at 4 universities etc.

Besides individual invitations from abroad to speak about different legal aspects, since 1995 I have been working for CoE, UN, EU and OECD as short and long term expert in different European and Non-European countries to establish specialized units within the respective prosecution, to check and to draft correspondent/ appropriate laws and trained Judiciary and other LEA, e.g. at last 22 months for cybercrime issues in Ankara until end of 2014. At the moment I am "EU Seconded Prosecutor" and member of the EU project "International Cooperation in Criminal Justice: Prosecutors' Network of the Western Balkans" serving with CILC (Center for International Legal Cooperation) from The Netherlands in Tirana/ Albania.

I am individual member of IAP since 1998.
