MESSAGE FROM THE PRESIDENT

Dear colleagues,

It is a pleasure to greet you again in another issue of the IAP Newsletter. This edition is dedicated to one of the most pressing challenges prosecutors face worldwide: crimes against children.

Whether dealing with cases of violence, exploitation, or neglect, or navigating the sensitive dynamics of criminal proceedings involving child witnesses, we are called upon to seek justice with profound care and empathy.

As prosecutors, we carry the responsibility of protecting the rights and well-being of children throughout the criminal justice process. This includes ensuring their voices are heard in a respectful and supportive manner, and balancing the pursuit of justice with the need to minimize harm. The articles in this edition provide valuable insights as well as practical approaches to help us respond more effectively to these difficult cases.

In line with this theme, I would like to mention that during the 59th Executive Committee session in Buenos Aires, I had a meeting with colleagues from Uganda, Kenya and the City of Buenos Aires, to discuss the INSPIRE initiative—an international framework to prevent and respond to violence against children. This is a perfect example of the countless opportunities the IAP offers to explore and strengthen international cooperation, and you'll find a short article on the meeting in this newsletter.

Looking ahead, registration is open for our 30th Annual Conference and General Meeting, which will take place from 7-10 September in Singapore. The conference theme, "The Versatile Prosecutor and the Administration of Criminal Justice," reflects the growing need for prosecutors to adapt to a rapidly evolving criminal landscape.

Topics will range from the use of artificial intelligence and digital forensics in investigations and courtroom presentation, to strategies for strengthening international cooperation in cybercrime and asset recovery, and to ensuring mental wellness and resilience among prosecutors. The sessions will also address future-proofing prosecutorial work through innovative training, legal education and interdisciplinary collaboration.

IAP Conferences are excellent opportunities for keeping up to date on current prosecutorial challenges, as well as for networking and exchanging experiences with colleagues and friends. I encourage you all to join us in Singapore for what promises to be a very stimulating and forward-looking event.

If I may share with you a final thought, I'd like to mention that last June the IAP celebrated 30 years of history, demonstrating the importance of staying connected and working together to achieve amazing results. With this in mind, I hope to see you soon in Singapore!

Warm regards,

Juan Bautista Mahiques

IAP President

SECRETARY-GENERAL'S EDITORIAL

Dear fellow public prosecutors,

This newsletter is dedicated to 'crimes against children'. Few topics evoke as much emotion as crimes committed against this vulnerable group in our society. At the same time, it is also a subject in which there are considerable differences worldwide in terms of approach. Especially when we take into account the position of children as victims or witnesses in legal proceedings. The inquisitorial legal system will take a different approach than the accusatorial legal system. In addition to legal questions, non-legal questions are also discussed. From what age can you expose a child to a witness examination? Can this take place in a public hearing by litigants, or by a judge, or must it take place by trained experts during a non-public session? How do we organise our process to prevent secondary victimisation? This is therefore an excellent theme for the International Association of Prosecutors to focus on, exchange experiences, and share best practices. I hope you enjoy reading this newsletter, and I am curious to hear about your experiences.

THE 10TH IAP EASTERN EUROPE AND CENTRAL ASIA REGIONAL CONFERENCE - ULAANBAATAR, MONGOLIA

The 10th IAP Eastern Europe and Central Asia Regional Conference was held in Ulaanbaatar, Mongolia, from 04 - 06 June 2025. The Regional Conference was hosted by the Prosecutor General's Office of Mongolia.

The conference brought together 99 prosecutors and participants from 26 countries and jurisdictions to discuss the conference theme of "The evolving role of the prosecutor – Challenges and best practice in tackling cybercrime" and to exchange experiences and best practice in key criminal justice areas. Over the course of two days, speakers addressed conference delegates during the plenary sessions on critical topics including the exploitation of social media by criminals, innovative approaches to tackle cybercrime targeting children, how technological advancements can be used to combat cybercrime, and the evolving trends in human trafficking. The conference also provided delegates with the opportunity to expand their professional network and to build relationships with colleagues from within the region and beyond to expand their knowledge and to identify best practice which can be put into effect to benefit their own communities.

The IAP was delighted to celebrate its 30th Anniversary during the conference on 06 June. The Anniversary Celebration included an overview of the key achievements of the IAP over the last 30 years, as well as video messages from IAP members. We were equally delighted that our 30th anniversary also coincided with the 95th Anniversary of the Prosecutor General's Office of Mongolia, and it was a pleasure and honour to celebrate both events together.

In addition, the IAP delivered a workshop to approximately 600 prosecutors from Ulaanbaatar and across Mongolia, which was also open to conference delegates to attend. The workshop focused on the IAP Standards of Professional Responsibility and Statement of the Essential Duties and Rights of Prosecutors, and on sharing best practice for the effective investigation and prosecution of corruption offences. We would like to extend our sincere thanks to Mark Carroll O.B.E, IAP member, who co-delivered the workshop alongside the General Counsel.

Following the close of the conference, the Prosecutor General also very kindly invited all participants to join a one-day cultural trip to visit the Chinggis Khaan Equestrian Statue and the Museum in Tsonjinboldog Complex and then hosted a 'Mini-Naadam Festive'. This was a wonderful opportunity for us all to experience the culture, hospitality and food of Mongolia and, as we're sure that all delegates would agree, was a truly unforgettable and fantastic experience.

On behalf of the IAP, we would like to thank our hosts, the Prosecutor General's Office of Mongolia and the Local Organising Committee, for extending such a warm and hospitable welcome to the IAP and to all conference delegates, and for hosting such a professional and constructive event. We would also like to express our thanks to all speakers and chairs for their engaging and informative contributions, and to all conference delegates for their active participation in both the professional programme and the networking events, and for making the conference such a rewarding and enjoyable experience for us all.

MEETING BETWEEN THE IAP PRESIDENT, IAP EXECUTIVE COMMITTEE MEMBERS AND INSPIRE REPRESENTATIVES IN BUENOS AIRES

In the margins of the 59th IAP Executive Committee Meeting that took place in Buenos Aires last April, IAP President Juan Bautista Mahiques, along with Immaculate Angutoko Draru, Chief State Attorney/President of the Uganda Association of Prosecutors, and Renson Ingonga, DPP of Kenya and President of the Africa Prosecutors' Association (APA), met with Carolina Stanley, General Guardianship Advisor of the City of Buenos Aires and Monserrat Santander, Executive Coordinator of INSPIRE BA.

The INSPIRE Initiative is the result of the collaboration of ten international organizations (UNICEF, UNODC, WHO, World Bank, among others). The project aims to develop policies to prevent detect and respond to violence against children and adolescents in coordination with all branches of government, based on international experience, but adapted to local challenges.

The city of Buenos Aires is the fourth Pioneer City to embrace the INSPIRE programme and the presence of African authorities in the city to attend the IAP Executive Committee Meeting was a perfect occasion to exchange experiences regarding this and other related projects.

During the meeting, the participants discussed the impact of INSPIRE in the city of Buenos Aires, exchanged views on how to tackle violence against children in their respective jurisdictions, and explored possible ways to further cooperate in this regard.

THE IAP OFFICIALS VISITED RIYADH, SAUDI ARABIA, FOR A SITE VISIT

The IAP General Counsel, Executive Director and Executive Administration Manager visited Riyadh, Saudi Arabia, for a site visit ahead of the IAP Annual Conference which will take place there in November 2026.

During the visit, they had a very constructive meeting with the Local Organising Committee to discuss logistics for the event and also the content of the professional programme, which will focus on the use of artificial intelligence in the criminal justice system. They also had the opportunity to view the proposed conference venue, conference hotels, and venues for the evening events - all of which were of an extremely high standard and will provide an inspiring environment for the conference.

Planning and delivering an IAP conference requires a huge amount of work and engagement between the IAP team and the Local Organising Committee. The site visit was a wonderful opportunity for our teams to meet in-person to start the planning process, and we are very grateful to the Attorney General and to the LOC for their collaboration, hospitality and for hosting both an enjoyable and very useful visit.

The 31st Annual Conference and General Meeting of the IAP will take place in Riyadh, Saudi Arabia, from 15-18 November 2026, so please mark the dates in your diaries! More details will follow in due course.

THE IAP GENERAL COUNSEL PARTICIPATED IN THE SIXTH PLENARY MEETING OF THE GLOBE NETWORK

The IAP General Counsel participated in the Sixth Plenary Meeting of the GlobE (Global Operational Network of Anti-Corruption Law Enforcement Authorities) Network in May, held in Baku, Azerbaijan.

As the IAP has observer status with the GlobE Network, the IAP General Counsel was invited to deliver a presentation outlining the key workstreams and deliverables of the Association, and was able to have constructive discussions with representatives of GlobE about continued collaboration between our two organisations. In addition, she participated in a panel discussion with colleagues from South Korea, Kazakhstan and INTERPOL on "National Procedures and International Cooperation on Rapid Account Freezing in Criminal Cases", and also delivered a presentation in a side-event organised by the StAR Initiative, UNODC, on "Taxing Corruption: How to Strengthen Collaboration with Tax Authorities to Fight Corruption and Tax Crimes".

The IAP would like to extend their thanks to the GlobE Network for the opportunity to participate in the meeting, and to the Prosecutor General's Office of Azerbaijan for their hospitality in supporting the attendance of the IAP in Baku.

Whilst in Baku for the GlobE Network Plenary Meeting, the General Counsel was delighted to have the opportunity to deliver a presentation to approximately sixty prosecutors from the Prosecutor General's Office, Azerbaijan.

The presentation focused on the ways in which artificial intelligence (AI) can be used within the criminal justice system, and the best practice approaches that should be considered by any jurisdiction that is expanding its use of AI in this sphere. The presentation also included the analysis of a case study that raised real-life practical and ethical operational questions for prosecutors when dealing with cases involving AI. Many thanks to the Prosecutor General's Office of Azerbaijan for facilitating the session.

WORKSHOP ON ARTIFICIAL INTELLIGENCE FOR THE PROSECUTOR GENERAL'S OFFICE, AZERBAIJAN

THE IAP GENERAL COUNSEL PARTICIPATED IN HOPAC IN KENYA

The Office of the Director of Public Prosecutions, Kenya, hosted the 23rd Commonwealth Heads of Prosecuting Agencies Conference in Mombasa in June.

The conference, which had the theme of "Building partnerships through international cooperation in the fight against money laundering, terrorism, terrorism financing and transnational organised crime" was attended by high-level delegates from jurisdictions both within and outside of the Commonwealth, including a number of IAP members and Executive Committee members.

During the conference, the General Counsel participated in a panel on "Asset recovery as a tool for combatting illicit financial flows linked to terrorism and transnational organised crimes". The conference was a great opportunity to share expertise and best practice amongst prosecutors and to build and develop professional networks.

We would like to extend our sincere thanks to the Director of Public Prosecutions of Kenya for extending an invitation to the IAP to participate in this event, and for the generous hospitality that was extended to all delegates in-country.

THE 7TH IAP NORTH AMERICA AND CARIBBEAN REGIONAL CONFERENCE

The 7th IAP North America and Caribbean Regional Conference will take place on Grand Cayman, Cayman Islands, from Sunday 09 - Tuesday 11 November 2025.

The Regional Conference will be hosted by the Office of the Director of Public Prosecutions of the Cayman Islands, and will be open to all IAP organisational and individual members.

Further details will follow soon and so, for now, save the date in your diaries!

MOTION FOR THE GENERAL MEETING

Pursuant to Article 8.12 of the IAP Constitution, the Executive Committee may enter into arrangements with organisations of prosecutors which are based on regional, cultural, linguistic or other links between their members. Such arrangements may include providing for a representative nominated by such an organisation to be a supernumerary member of the Executive Committee, subject to the approval of the General Meeting.

The Africa Prosecutors Association (APA) is an organisation of African prosecution authorities, which was established in 2003 to enhance cooperation between prosecution agencies and authorities in Africa. Among other issues, the APA aims to bolster rule of law responses to crime, assist prosecutors, promote international cooperation, promote adherence to prosecutorial ethics and harmonise legislation among states. The APA convenes annually to entrench its objectives and address the growing challenges facing African prosecutors.

Given the clear synergies between the objectives of the IAP and APA, and the fact that many APA members are also members of the IAP, the Executive Committee recommends that a representative from APA be approved as a supernumerary member of the Executive Committee. This will serve to strengthen ties between APA and the IAP and enable more enhanced collaboration for the benefit of all of our members in the region. The current Presidency of APA is held by the Director of Public Prosecutions of Kenya, who will be the nominated representative of APA on the IAP Executive Committee.

This motion will be put before members of the IAP at the General Meeting on Tuesday 09 September for approval.

MESSAGE FROM THE GENERAL COUNSEL

It's hard to believe that we are already over half-way through 2025 and that our Annual Conference is just two months away!

As you might expect, we're now entering an intense period of preparation as we work closely with the Local Organising Committee on a daily basis to ensure that we collectively deliver a high-quality, informative and practical professional programme as well as an extremely enjoyable conference that supports one of the IAP's main objectives of facilitating the building of networks and professional relationships between our prosecutor members. If you haven't yet signed up to join us in Singapore then please do so as soon as possible!

It's not just the Annual Conference in Singapore that is on the horizon - planning is now underway for the 7th IAP North America and Caribbean Regional Conference which will be held in the Cayman Islands in November 2025 and also for the 31st Annual Conference and General Meeting in Saudi Arabia in November 2026. Please keep an eye out for further details of both events on our website and via emails soon.

We are very pleased to announce that we will shortly be publishing "Guidelines for prosecutors on digital evidence collection in compliance with international standards on freedom of expression and privacy" which have been jointly developed between the IAP and UNESCO. The Guidelines, which will be freely available to all IAP members, will be launched during a webinar on 18 August and there will also be a Special Interest Session focusing on the practical operation of the Guidelines during the Annual Conference in Singapore. As digital evidence becomes an increasingly important component in criminal investigations and prosecutions, these Guidelines are designed to define a coherent framework that ensures that digital evidence is collected and used in accordance with international human rights standards and norms, while providing prosecutors with shared principles and practical tools for properly handling electronic evidence throughout the criminal justice process.

Finally, our webinars are continuing over the summer and throughout 2025 - please check the IAP website and emails regularly for details on how to register. As a reminder, any member of an IAP organisational member and any individual member can sign up for free to join a webinar.

Best,

Shenaz Muzaffer
